Special Announcement!

Beginning January 2023, Connecticut children 12 years old and younger are eligible for HUSKY Health, regardless of qualifying immigration status, as long as the family's household income meets eligibility criteria. HUSKY Health includes insurance coverage for both medical and dental care with little or no out-of-pocket costs for most covered services. Families must apply to receive this benefit.

World Health Organization (WHO) Cites Alarming Dental Statistics

More than 1 in 4 U.S. adults - 26 percent - have untreated dental cavities, 46 percent of adults 30 and older have signs of gum disease, and 13 percent of youths ages 5 to 19 have untreated tooth decay according to new statistic released by the World Health Organization. The WHO argues that oral health care should be part of universal health coverage to reduce these oral health issues.

World Health Organization cites 'alarming' dental statistics - The Washington Post

Why is my tooth hurting?

Toothaches may be caused by a variety of different reasons, and learning them can help you know what you need to do next to care for your oral health.
